

Aspen Bicycle and Pedestrian Master Plan Open House

The City of Aspen looks forward to your input on Phase II of the planning process. The City has currently prioritized six projects for input and implementation:

- Identify appropriate locations and then create more bike parking downtown
- Create a trail on 4th Street from Main St. to Music Tent
- Explore the best ways to improve movement east/west through the downtown core
- Add additional bicycle striping
- Locate the top 5 sidewalk gaps
- Research and install trial bicycle boulevard on Hallam or Francis in the West End that could become permanent

THE CITY OF ASPEN

Wednesday, February 15th • 5:30-7:30pm
Sister Cities Meeting Room, Aspen City Hall
