Comments/Suggestions: The 2010 AREDAY Expo showed improvement over previous years, however there is still room for improvement. All sponsors and vendors gave away reusable items and highlighted the green elements of their companies and programs. All trash bins were paired with recycling bins. Thank you for using Sunny the Solar Roller.

Opportunities for Improvement:

There was no visible effort to educate attendees about what the AREDAY Expo was doing to reduce its environmental impacts. Please let us know if we missed it.

This report card will be kept on file and referenced for future events. It will also be made available to the public on our website.
