Comments:

Aspen Valley Ski Club's annual Fourth of July picnic did a good job of complying with the ZGreen requirements. All event sponsors gave away useable items. Waste stations were set up correctly and all bins were paired. AVSC educated attendees with a large education sign placed near the food. Compostable paper plates with compostable cutlery were available. Condiments were in bulk and a vegetarian option was available.

Suggestions:

ZGreen recommends using reusable table cloths to reduce waste. For future years, waste stations would be more successful if staff or volunteers could stand near the stations and help attendees properly dispose of waste, especially during busy times.

Thank you for working with ZGreen to comply with the City of Aspen's event standards.

This report card will be kept on file and referenced for future events. It will also be made available to the public on the ZGreen website.
