Comments: The Criterium met the ZGreen requirements in 2012. Trash, recycle and compost bins were available, and were paired around the course. No dishes or cutlery were available, which eliminates the concern for compostable-ware. In the future, ZGreen still recommends communicating with vendors before the event regarding serving ware if there is any to be had. Breakfast items were made available in bulk containers. A vegetarian meal was provided and water was distributed from bulk containers with cups; no bottled water. Nice work. The event auditor was not able to confirm if volunteers received training prior to the event.

This report card will be kept on file and referenced for future events. It will also be made available to the public on our website.
