

# Event Report Card

Event Name: AVPC Snow Polo  
Event Date: 12/19-12/20 2013

## Scoring:

- Excelled
- Met requirements
- Just missed requirements
- Did not meet requirements

Without a green rating for both waste and giveaways, no event may receive an overall green score.

**Overall Effort:** ●

Waste Stations	<span style="color: yellow;">●</span>
Giveaways/Sponsors	<span style="color: green;">●</span>

*Scoring and comments are based on ZGreen checklist requirements including employee knowledge, education, giveaways, printing, waste stations, bulk distribution, water, decorations*

## Comments:

After a last minute consultation with EverGreen Events, the staff was trained in greening efforts. Sponsor giveaways were recyclable and there were no giveaways offered from the host organization. Local food was available as well as organic and a vegetarian option. The linens, dishes, and cutlery were reusable and food and beverage was offered in bulk. All waste bins were properly labelled.

## Opportunities for Improvement:

There was no education on behalf of the host organization concerning the events' greening efforts. There were no compost bins. The only recycle bins at the event were located behind the bar and were being used solely by the bar staff. There were numerous lone waste bins inside the tent and located throughout the grounds, the waste stations were not staffed, and the recycle bins were contaminated with unrecyclable plastic. The problems with the waste stations could have been avoided if arrangements were made with Evergreen Events in a timelier manner. The heat blowers providing heat into an open tent was powered by a diesel generator. Powering these heaters with a greener power source (Aspen electric, propane, or natural gas) would be preferred.

This report card will be kept on file and referenced for future events. It will also be made available to the public on our website. Please contact us at [ZGreen@cityofaspen.com](mailto:ZGreen@cityofaspen.com) or (970)429-1831 with questions or comments.
